Livestock

BarPro

BarPro is a wheat yeast concentrate that is created during the production of bioethanol from wheat by-products. The starch present is converted into alcohol by micro-organisms. After the alcohol has been separated, a liquid, brown-colored product is created that is marketed under the name BarPro. BarPro contains a high proportion of protein and carbohydrates. The product is characterized by its good taste.

The product complies with laws and regulations. Mycotoxins, insecticides, pesticides and herbicides are tested according to the GMP+ FSA. The product is non-GMO (according to Regulation (EC) 1829/2003 and 1830/2003).

Valid from 29 June 2026
